

# Clinical Updates in Dementia Webinar Series

Tuesday,  
March 13, 2018  
4:00—5:30 p.m.

[https://sbs.ucsur.pitt.edu/gwep/  
reg/?e=60125](https://sbs.ucsur.pitt.edu/gwep/reg/?e=60125)

No Registration Fee

## Dementia with Lewy Bodies

Sarah Berman, MD, PhD

Associate Professor, Department of Neurology, School of Medicine,  
University of Pittsburgh

**Continuing Education:** Medicine, L/CSW, LPC,  
LMFT (Pa.), and Nursing

*No cost for the first 100 professional CE  
registrants; \$10 for all others*

This learning activity is being jointly provided by the University of Pittsburgh Schools of Nursing, Social Work, and Medicine. The School of Nursing is an accredited provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation. Participants completing the learning activity may be awarded a maximum of 1.5 contact hours.

Program supported by Health Resources and  
Services Administration Grant # U1QHP28736

## Course Objectives:

By the end of this course, participants will be able to:

- Describe the pathological and clinical features of Dementia with Lewy Bodies (DLB).
- Differentiate, based on clinical criteria, DLB from Parkinson's disease and Alzheimer's disease.
- Apply evidence-based management strategies such as risk assessment, targeted approach to symptom management, and proper use of outcome measures when caring for a DLB patient.
- Understand current pharmacological approaches to the management of a patient with DLB.
