

The University of Pittsburgh **Alzheimer's Disease Research Center**

presents

Walter Allen **Memorial Community Lecture**

Featured Speaker

Thomas Karikari, PhD

Assistant Professor

Department of Psychiatry

University of Pittsburgh

"Can blood tests improve access to early Alzheimer screening, testing and treatment for all?"

Come out to learn how University of Pittsburgh/UPMC have developed new blood tests that perform excellently to detect biological evidence of the disease.

Learn how these blood tests can make it easier, cheaper, and quicker to screen individuals and populations for these diseases. Early detection will be vital for prompt interventions.

Thursday, October 26, 2023

2:00 pm - 3:00 pm
